Asserts Klan Fools Public to Put 'Puppets of Privilege' Into Office.

## ANTIS GETS A CHARTER

League of Equal Rights to Spread Over U. S. and Fight Robbed Crowd.

## DENIAL BY LINCOLN'S SON

Says Emancipator Never Uttered Warning Against Power of Pope.

The only visible evidences yesterday that the Ku Klux Klan exists in New York were seen in a statement from Mayor Hylan where he says that the Klan is nothing but a process of hoodwinking the public so that "the puppets of privilege may be enabled to slip into public office" and the approval by Supreme Court Justice Mulligan of the application for a charter for a new anti-Klan organization known as "The League of Equal Rights for All and Special Privileges for None."

The Mayor's statement was provoked by reporters asking him what he had to say regarding the appearance of an alleged Klansman on Sunday night in the Washington Avenue Baptist Church, Brooklyn. His Honor, having seen the hand of "privilege" in the rise of the Invisible Empire, said that "day by day disclosures are rapidly proving that the Ku Klux Klan is nothing but an attempt to create a gigantic political machine" and that the "powerful interests that are trying to control this Government" would undoubtedly be found financing the Klan. Then Mr. Hylan says that he opposes the Klan because "it is an apostle of mob rule."

## Lincoln Misquoted on Pope.

A letter from Robert Todd Lincoln, son of Abraham Lincoln, was made public yesterday by John B. Kennedy, editor of *Columbian*, the official organ of the Knights of Columbus, as a means of refuting the anonymous charges in anti-Catholic propaganda that Lincoln uttered warnings against the growing power of the Pope. Robert Todd Lincoln's letter to Mr. Kennedy reads in part:

"I know of no utterances of the character which you speak of. The only instance known to me of my father's referring in any way to the subject is a letter to Archbishop Hughes of New York in which he requested the Archbishop to give him the name or names of some suitable persons of the Catholic Church whom he might wish to designate as chaplains in our military service. This letter alone is a complete answer to any possible publication of the character you write about."

Regarding the alleged Klansman in the Washington Avenue Baptist Church Mayor Hylan said:

"I understand that this man was not a member of the Ku Klux Klan, but just fixed up for the occasion and I hope the collection was large and I hope the collection was good."

After saying that he believed the Klan an attempt to organize a political machine, the Mayor said:

"In addition to providing pecuniary profit for its promoters, it hopes to bring better business relations and religious lines."

Through this process of hoodwinking the public the puppets of privilege may be enabled to slip into office."

See Know-Nothingism Revived.

"To my mind that is what is being sought by the powerful interests that are trying to control this Government and who will undoubtedly be found among those financing the Ku Klux movement. The Americanism of the Ku Klux Klan is about as 100 per cent. as that of the so-called American Know Nothing party which operated about seventy years ago in this country."

It now seems to have had a rebirth in the present Ku Klux Klan.

The advocates of the Ku Klux Klan assert that because I am a Catholic I am taking my position against their organization. As a matter of fact thousands of every other religious group are equally opposed to this organization for the very reason I am. I am fighting it because it is an apostle of mob rule, with apparently little scruple as to the taking of human life, as evidenced in Texas."

It was said at Mr. Caruthers's office last evening that the new organization to combat the Klan will soon begin a membership drive throughout the country. It is planned, Mr. Caruthers's secretary said, to establish branch organizations in every State.

A membership fee of \$1 will be charged, the secretary said, and this, with contributions expected from wealthy people, will be sufficient, it is believed, to carry out whatever program is definitely decided upon.

The new organization will fight the Ku Klux Klan, Mr. Caruthers's secretary said, by fostering a healthy public sentiment against any institution or organization that uses the powers of the constitution and will lend active support to prevent or punish any lawless activities.

MANS LAUGHTER CASE ENDS.

Court Dismisses Charge That Dupuy Caused Gas Deaths.

County Judge George W. Martin dismissed in Brooklyn yesterday an indictment charging Eli Dupuy, manager of the Hotel Manhattan on Columbia Heights, with manslaughter in connection with the deaths in the Hotel Annex April 20, 1922, of Mr. and Mrs. Fremont M. Jackson, an aged and wealthy couple.

District Attorney Ruston charged that death was caused by gas used to fumigate rooms below the Jackson apartment. The fumies, it is alleged, penetrated to the Jackson apartment, then, and Albert Bradich, the fumigator, were indicted. Bradich was indicted and acquitted by a jury.

## COULDN'T LEARN ENGLISH, ITALIAN STUDENT ENDS LIFE

Parents Acquired Language Easily, but Peter Clemente, Who Wanted to Become a Physician, Studied in Vain for a Year.

The difficulties of the English language, which seemed to him so involved that he believed he never would be able to master it, caused Peter Clemente, 18, son of Gattano Clemente, a contractor, who lives at 1193 Spofford avenue, The Bronx, to kill himself yesterday with a revolver.

Twelve years ago, when the boy's parents came here from Naples, they left him in Italy to pursue his studies, for he had shown much promise and they did not want to interrupt his progress. He learned rapidly and then took up the study of medicine. A year he continued his study, but he had no intention of continuing his study, but he found that he could not make much progress until he learned English. Day and night for nearly a year he neglected his other studies and devoted all his time to the study of English, but he found it surprisingly difficult.

To make matters worse, his parents had learned the language well and carried on practically all their conversations in English. Peter came home yesterday afternoon from the Rhodes Preparatory School, at Fifth avenue and 125th street, and came into the living room, where his mother and his sister were talking.

"It's too hard," he exclaimed. "I can't learn it. He said he never would be able to learn English and that he was so far behind in his study of medicine that he never could catch up. Then he stamped upstairs. A few minutes later he came back and found him lying on the bathroom floor, a revolver lying beside him. He was dead before Dr. Smolinsky arrived from Lincoln Hospital.

Trapped, Admits He Is Drug Ring Chief

Williams Says He Supplied Broadway, Hollywood and Greenwich Village.

The Narcotic Squad of Police Headquarters has William Williams of 249 West Eleventh street under arrest, and Dr. Carleton Simon, Special Deputy Police Commissioner, said yesterday that he had obtained from Williams a confession showing that he was the head of a gang of dope peddlers that covered virtually the entire country and which has been particularly active in Broadway theatrical circles, among the habitués of Greenwich Village and the motion picture performers in Hollywood.

In addition to Williams, the detectives also arrested Walter Lang, a telegraph operator, of 203 Division street, and William Brown, an accountant, of 105 West 163d street. These men are said to be only selling agents. After they had arrested Williams, the detectives seized in his apartment cocaine, heroin and morphine valued at more than \$50,000, together with a thousand letters and cards from addicts asking for supplies. In addition, the detectives found in Williams's pockets sixty-five vials of morphine, a small vial of heroin and thirty-six hypodermic needles, some of them of gold.

Among the seized letters and cards, Dr. Simon said, was one from a well known movie actor in Hollywood who spoke of selling agents in the movie picture colony. There were also the Commissioner said, about twenty cards and letters signed by Evelyn Nesbit Thaw and written principally from Atlantic City. One of those read:

"Enclosed please find money order for \$100. Please send M—"
